Remedial Project Manager  
United States Environmental  
Protection Agency  
Region III  
841 Chestnut Building  
Philadelphia, Pennsylvania 19107

RE: Tyson's Dump

Dear Mr. Dugandzic:

This refers to your letter of August 6, 1985 requesting permission to use our property for approximately five (5) years in connection with removal of hazardous substances from abutting properties.

We are trying to dispose of all of our excess properties and such use would be detrimental to our efforts.

Enclosed are plans showing our Parcel 1675 containing 3.31 acres, plus or minus. We are willing to consider sale to EPA or any of the abutting owners of the subject property for the sum of \$1,000.

If you will advise that EPA or other parties are interested in this proposal, I will send our standard "Offer to Purchase" form for execution.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

*Harry K. Yentzer*  
Harry K. Yentzer  
Executive Vice President
